VGP: MARKET LEADER

The company's experience is more than 27 years of successful work in Ukraine, Europe and Asia, as well as the reputation of a recognized market leader. Today, our company distributes its products in more than

24 countries. We work using the newest, fully automated German and Italian equipment that is emission-free and strictly compliant with hygiene standards.

PJSC VGP IS ONE OF THE LARGEST MANUFACTURERS OF SANITARY-HYGIENIC PAPER PRODUCTS IN UKRAINE.

VGP FOCUSES ON GROWTH

OVER THE LAST YEARS, WE HAVE GROWN BY AROUND 20% PER YEAR AND HAVE ACHIEVED REVENUE OF 45 MLN EURO

We are continuously investing in our existing business, our employees, expanding our production area, modernising our machinery and creating new locations. This is how we ensure sustainable growth.

Production is powered by leading global manufacturers: **Omet** (Italy) for napkins, **Winkler+Dünnebie** (Germany) for fully automated facial tissue lines, and **Gambini** (Italy) for rolled products with fast product changeovers saving up to 50% of production time.

In 2020 and 2026, new high-speed **BaoSuo** lines expanded the cosmetic tissue range and size options.

In 2025, a high-tech **PCMC** line significantly improved efficiency and broadened the rolled product portfolio, strengthening the company's market position and meeting growing consumer demand.

**PRODUCTION CAPACITY:
16.7 THSD TONS PER YEAR**
